The men's soccer program is under the guidance of second year coach, Bill Lynch. He comes over from the Westminister Community Charter School in Buffalo.

Bill's main goal at Erie Community College is to build a strong and reputable soccer program. He plans on doing this through recruiting and dedication to the program.

Bill has a BS in Physical Education and an MS in Health Education and not only looks for excellence on the field, but in the classroom as well.

### Assistant Coach

**Doug Williams**

## Program Accomplishments

ECC finished the 2007 season with a 6-8 record and was 6-6 in Region III play, missing a Region III tournament selection by one game. In 2006, the Kats were 9-5-2 and drew a five seed in the Region III tournament.

The soccer program has annually been strong in a Western New York Conference that includes traditional NJCAA Division I powers Bryant & Stratton, Monroe and Mercyhurst North East. ECC's challenging schedule also includes many of the top NJCAA Division III teams in the region.

The Kats have advanced to the Region III semifinals twice in the last seven years and should be strong once again in 2008 with the anticipated return of several key players.

ECC placed three players on post-season teams, including leading scorer Roosevelt Connell.
