Program Accomplishments

The women's basketball program made progress for the fourth-straight season. After failing to make the post-season since 1996, the team qualified for the Region III tournament for the fourth consecutive season.

This past season, Coach Price led the team to the program's first winning season since 2000, finishing 15-13. The team lost in the Region III semi-finals to NJCAA-tournament bound Genesee Community College.

There were several highlights along the way including the school's first victory over Alfred State College in over a decade. The Lady Kats then traveled to Alfred and defeated the Lady Pioneers again in the Region III tournament.
