**VIA FIRST CLASS MAIL & EMAIL (@krenitsky@ecc.edu)**

Dear Mr. Krenitsky:

It was a pleasure speaking with you with regard to the proposed Legal Medical Professional Consultant Certificate program at ECC.

As you know, my law firm handles personal injury claims and frequently works with licensed practical nurses, registered nurses, nurse practitioners, and physicians' assistants to investigate and prosecute potential claims. I believe that a medical professional who successfully completes your proposed Certificate program would attain a basic understanding of the workings of a law office, legal terminology, civil practice, and evidence, and would therefore have a better understanding of the underlying legal issues involved. This would, in my opinion, be an invaluable asset in completing tasks from drafting medical chronologies to assisting in depositions and even trials. As such, these professionals would become useful members of a litigation team in a law office such as mine and many others in Western New York or with an insurance company, government agency, or private corporation such as a health care agency.

I am happy to support this proposed Certificate and would be happy to discuss the matter further with you at your convenience.

Very truly yours,

BROWN CHIARI<sup>LLP</sup>  
  
Donald P. Chiari
